please detach & give to patient

### PATIENT INSTRUCTIONS - EMG/NCS Test at St. Joseph's H.C. Neurophysiology Laboratory 3rd Floor - M Wing - Room 3M03

1. Please bring a list of your current medications. You may take your medications as usual.
2. Please wash the area to be tested (hands/feet) with soap and water on the morning of your EMG.
3. Do not apply any creams, lotions, or ointments to your hands/feet on the day of your EMG.
4. Wear warm gloves and socks on cool days as having cold hands or feet will affect the test.
5. Please arrive 15 minutes before your scheduled appointment time to register. If you are late, we will have to re-schedule your appointment, causing a delay of at least 2-3 months.
6. To cancel your appointment, two business days' notice is required. Please call 416-530-6119.
